

WEEKLY REPUBLICAN—1917.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KENTUCKY, FRIDAY, SEPTEMBER 13, 1918.

ONE COPY—ONE CENT.

NOTICE

TO THOSE WHO REGISTERED ON
SEPTEMBER 12, 1918, FOR
MILITARY SERVICE.

It is estimated that on yesterday there were approximately Two Thousand Five hundred men in this city and county between the ages of eighteen and forty-five registered for military service. When the questionnaires are mailed out, which will probably be next week, it is going to be an enormous task to have them filled out properly. THEREFORE, I, R. B. ADAIR, acting as Clerk of the Mason County Bar, want to urge upon all men in this City and County who receive questionnaires, to read them over very carefully several times before bringing them in to be filled out in order that they may be able to answer quickly and intelligently all questions propounded therein. I desire further to call the registrant's attention to the "KEY LIST OF OCCUPATIONS" which will be mailed with each questionnaire. Nearly every occupation that one can think of is in this KEY LIST OF OCCUPATIONS and has a number to identify it. This number must be placed in the questionnaire, and if the registrant will examine this KEY carefully and mark his occupation, and its number it will save considerable time and trouble when same is filled out. I want to further call attention to the registrant who is expecting to claim exemptions on account of dependents to bring with him such dependents when he comes to have his questionnaire filled out in order that they may sign same.

R. B. ADAIR,
Clerk of Mason County Bar.

REGISTRARS HAD GREAT BIG JOB

The men who volunteered to make the registration of men in Mason county on Thursday had a great big job before them and they all did it well. These patriots have the thanks of their fellow Americans for the splendid work they did in listing the small army in Mason county.

DESERTER IS ARRESTED AT GOV- ERNMENT DAM

Negro Arrested at Dam Just East of the City Confesses That He Ran Away From Camp Humphreys and Will Be Taken to Ft. Thomas Tomorrow.

Special Officer John Mitchell at the government dam just east of the city this afternoon arrested a strange negro and brought him before the local Exemption Board for an investigation. The negro proved to be a deserter from a Virginia camp and confessed to the board.

The negro landed at the dam last night having come in on a freight train. Officer Mitchell thought something strange as the negro wore an army shirt. He was taken in custody and questioned about his registration card. He could show neither a registration card or a discharge from the army and this afternoon he was brought before the Exemption Board.

When questioned by members of the board, the negro who gave his name as Alonzo Gerner and his home as Virginia, made a clean confession that he was a deserter from the United States Army. He said he left the camp during the latter part of August without leave from his officers and that he had intended to make a get away from the army.

He was locked in the county jail where he will be kept until tomorrow morning and Officer Mitchell will deliver him to the Federal authorities at Fort Thomas.

REV. REDD WILL PREACH

Rev. J. D. Redd, District Superintendent, will preach at the Second M. E. Church, South, Saturday evening and Sunday morning. Quarterly conference will be held at the close of the Saturday service and the Sacrament of the Lord's Supper will be given at the Sunday evening service.

WANTED

100 horses with with influenza to treat while awaiting my call to the U. S. Army.

2,094 MEN ARE REGISTERED IN MASON COUNTY

County's Registration Goes Over State Chief's Estimate — 626 Men Are Registered in the City—Dieterich Is Banner Precinct.

Two thousand and ninety-four between the ages of 18 and 45 inclusive listed themselves for military service in the special army registration held in Mason county Thursday. Of this number 626 were registered in the city of Maysville.

Dieterich precinct which takes in the government dam, was the banner precinct of the county listing a total of 142 men while Plumville listed the smallest number—52.

Registration day passed off very quietly in Maysville and Mason county. The registrars were on the job early with all of their equipment and before 7 o'clock they had registered some few men who were anxious to get their green card and get to work early in the morning.

During the day the fact that the election polls were open and that men were anxious to see who registered, drew the usual number of men about the registration booths and none of the registrars lacked for company. It was one of the biggest registrations ever held in Mason county and as one fellow said as he signed his name to his card, "Everybody is voting for the United States today."

There was a general display of the American flag all over the city but there was no music and not as much excitement as attended the first military registration when men between the ages of 21 and 31 registered for service.

At the request of the members of the Mason County Board, the precinct registrars have been coming to board headquarters in the government building all day with their official reports and their cards which will be indexed and placed in the files of the board for future reference. Every registrar reported his experience while he was waiting for the board members to check up his cards and compare them with his final report and some of them had very interesting experiences during the day. In most every precinct registrars reported that many men had registered who they had thought far beyond the draft ages but in no case was any known slacker reported to the board for investigation. It is more than likely, however, that during the next few days some may be reported who have failed to list themselves for various reasons and the officials will at once be asked to assist in running to the ground the truth of these expected reports.

The official report shows the registration in the entire county as follows:

Maysville No. 1.....	80
Maysville No. 2.....	101
Maysville No. 3.....	83
Maysville No. 4.....	127
Maysville No. 5.....	97
Maysville No. 6.....	138
Plumville.....	52
Mt. Vernon.....	56
W. Mayslick.....	125
E. Mayslick.....	70
Hill Top.....	68
Fern Leaf.....	81
Orangeburg.....	115
Sardis.....	95
Helena.....	64
Washington.....	93
Plumtown.....	80
Dieterich.....	142
Dover.....	92
Lewisburg.....	120
Murphysville.....	65
Germantown.....	65
Local Board.....	85

Total.....2,094

The next big job for the board will be the distribution of the questionnaire blanks which will be sent out in a very short time and then the work of filling out these blanks will be the biggest jobs the local lawyers have yet tackled.

Appeals for help in this work were sent out by the lawyers who are receiving the hearty co-operation of the Council of National Defense in this work. All who will lend their assistance to the Legal Advisory Board are asked to report their names to Mr. W. W. Ball, Jr., and a meeting of these volunteers will be planned for next Monday evening at the Council Chamber when full instructions on the questionnaire and its proper execution will be given by members of the Legal Board and by members of the County Draft Board.

GRANTED A DIVORCE

In the Mason Circuit Court this morning Mrs. Carrie Breeze Smith was awarded a divorce from her husband, John Frank Smith, and was restored to her former name, Carrie Breeze.

AMERICANS KEEP UP ADVANCE IN ST. MIHIEL SECTOR

Sixty Guns and Many Prisoners Taken in Drive Over Eight Miles Into Hun Lines.

London, September 13—(1:18 p. m.)—The advance of the Americans into the St. Mihiel salient from the south has now reached a depth of eight miles, according to despatches from the front this afternoon.

The Americans have captured 60 guns. The enemy is blowing up ammunition dumps at Hattenville—in the middle of the pocket.

Latest reports of territory taken by the Americans indicate the neck of the salient has been narrowed to less than six miles. If two German divisions still remain in the pocket their escape is decidedly improbable.

Despatches from the front report prisoners taken by the Americans now total 9500.

The Americans are making progress so rapidly the situation is changing momentarily.

They are reported to have captured Vigneulles—in the center of the salient, seven miles northwest of St. Baussant, where the offensive hit the German line—and Beney—four and a half miles north and slightly east of St. Baussant.

The town of Hendicourt is also reported to have fallen.

The attack on the western side of the pocket has run into more difficult country and more serious resistance, but the Americans have advanced there to a depth of three miles. German ammunition dumps also are being blown up at Dampvitoux, slightly north of the actual battle zone.

With the Americans on the Metz Front, September 13—The American advance is continuing today on both sides of the St. Mihiel salient, between the Meuse and the Moselle rivers. Additional prisoners constantly are being reported.

Rain is falling at intervals. The Germans are having great difficulty in removing artillery from the salient, because of the bad roads. All the American first objectives were reached on schedule time.

Among prisoners captured by the Americans was the German Count Schesying. The American doughboys found him with his orderlies, their baggage unpacked, waiting to be captured.

Among the prisoners taken by the French were 50 Austrians.

Washington, September 13—So far, the only communique from General Pershing, which was received late last night, follows:

"Headquarters, American Expeditionary Forces, September 12, 1918. "Section A—This morning our troops, operating in the St. Mihiel sector, made considerable gains. Assisted by French units, they broke the enemy's resistance and advanced at some points to a depth of five miles. We have counted 8,000 prisoners up to the present. The operation is still in progress.

SEVERAL TAKING TEACHER TRAINING

There were quite a number present Thursday evening at the First Baptist Church to enroll in the Teacher Training class being conducted every Thursday evening by the pastor, Dr. B. B. Bailey. Dr. J. J. Dickey, pastor of the Second M. E. Church, South, also contemplates beginning such a class in the East end of the city.

VINEGAR AND YEAST FACTORY MAY LOCATE HERE

Pogue's Distillery May Be Taken Over By Large Philadelphia Yeast Plant Which Wants to Locate in the South.

Several days ago the Maysville Chamber of Commerce received a communication from Myron C. Fagan, of Chicago, in which he said that he had been informed that Maysville had several distillery plants that had been discarded and that he had a concern that wanted to locate at some place in the South and in their business could very nicely use a plant which had been discarded by a distillery.

The Chicago man said that the firm he was corresponding about was now located in Philadelphia and that their business had outgrown their plant and they wanted to branch out and either establish one large factory in the South or two smaller plants. He said that the firm of which he wrote had been doing a splendid business and that their banker would give them a first-class reputation and testify as to their business.

Secretary Dodds, of the Chamber of Commerce at once took the matter up with Mr. J. C. Rogers, of the Lime-stone distillery and Mr. Thomas F. Pogue, of Cincinnati, representing the Pogue distillery. Mr. Rogers was of the opinion that his plant being off the railroad could not be considered but Mr. Pogue took the matter up at once and there is every reason to believe that Maysville will secure a new plant.

Mr. Pogue's letter just received by Secretary Dodds says:

Dear Sir: Your appreciated courtesy of August 21st was delayed in being answered owing to my absence from the city. Have taken up the matter direct and trust I may be able to interest Mr. Fagan.

With due appreciation of your interest in bringing business concerns to Maysville, I remain,

Very truly yours,

THOS. F. POGUE.

The local organization is expecting to hear from Mr. Fagan in Chicago within the next few days. They will invite his concern to send representatives to Maysville to inspect the local distillery and it is more than likely that Maysville will get the new plant in a short time.

GROCERS HAVE DROPPED SUGAR CARD PLAN

The Maysville Grocers' Association which has been considering the sugar card plan for this city has practically come to the conclusion to drop the plan for this city. The present plan of merchants selling sugar to their customers only and the suggested plan of the State Food Administrator of keeping a book record seems to be working well in this city and county.

LOCAL BOARD FURNISHED WITH NEW TYPEWRITER

The Mason County Exemption Board has received a new typewriter from the government which they will use in their extensive correspondence in regard to draft matters. The machine is new and of a standard make.

CONDENSED STATEMENT OF CONDITION OF THE

First-Standard Bank & Trust Co.

As per call of State Banking Commissioner, September 5, 1918:

Loans and Discounts.....	\$1,155,913.30	Capital Stock.....	\$ 175,000.00
U. S. Government and other Bonds.....	187,717.53	Surplus and Undivided Profits.....	94,873.84
Stock in Federal Reserve Bank.....	7,500.00	Reductions.....	96,000.00
Trust Business Investments.....	87,500.00	Deposits subject to check 1,251,156.76

THE HOME OF QUALITY CLOTHES

Everything for

Complete Outfitting for Men

Present conditions in the clothing industry makes this season's showing of Hechinger's clothes particular noteworthy. It emphasizes the skilled merchandising ability of this organization for although there's a genuine scarcity of the finer qualities our stocks were never so complete. You couldn't wish for a more complete assortment of men's good clothes from which to choose.

They're bought right, and priced right.

New hats—in stiff and soft shapes. Good hats to accompany good clothes.

New shoes: Hanan, Nettleton and Walk-Over.

This store closes at 6:00 P. M. except Saturday.

D. Hechinger & Co.

OCTOBER DELINEATORS AND AUTUMN QUARTERLIES HAVE ARRIVED.

Advanced Autumn Styles!

Perhaps the most impressive thing about our well balanced stocks of new fall merchandise is that we have adhered closely to our past standards of quality.

It is our mission to serve you, not only by bringing for your choice every apparel essential for the new season, but to protect you against the danger of ill advised substitution and inferiority. Our Mr. A. L. Merz has spent the past five weeks in New York and the way goods are pouring in by freight, express and parcel post proves to us that he has been right on the job securing some of the scarcest merchandise that can not be bought today at any price.

We can show you today several hundred suits, coats, dresses and skirts in the very latest creations and in all the new materials. It is safe any saving to buy early this year.

Some new Shoes and Hats have just arrived.

MERZ BROS.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

REPUBLICAN TICKET

For United States Senator
BEN L. BRUNER, Louisville.

For Congressman
TRUMBO SNEDEGAR, Bath County.

YES, WE ARE CONSERVING

For months the newspapers of America have been preaching food conservation. "Close up the garbage cans," has been an oft-repeated slogan and at last has become a popular one. Now the American people have adopted it, so heartily in fact, that the garbage production plants of the country have started to complain, asserting that unless there is more garbage the government will face a severe shortage of glycerine, the latter being one of the garbage can products.

And glycerine is a highly important element in the manufacture of munitions. Of course, the complaint is intended to be only half serious. Doubtless the government will be able to devise some other means of obtaining enough glycerine to meet its requirements, but the cry of the garbage reduction men is most interesting in that it proves that food conservation in this country has passed from the fad stage. It is an actuality and it is increasing rather than waning.—Dayton Herald.

FEWER SHOWS THIS YEAR

The word from New York and Chicago is that there will be fewer big road shows the coming winter than ever before in the history of the country, says the Dayton Herald. This is due to several causes. First, the men are not available, and for that matter, not so many women are to be had as formerly, either. The men in large numbers have gone to war. Others will be doing essential work. Many of the women who previously have been in the choruses likewise are doing some form of war work, large numbers of them being employed in munitions plants, where they are making quite as much money as they did in the choruses and where the work is less strenuous. In the second place the cost of carrying a large company about the country is now almost prohibitive, it being estimated that the expense is about twice as heavy as in other years. Still another reason is the war tax on theater tickets. However, there will be shows, but they will be presented by smaller companies. May we not hope, incidentally, that they also will be better?

WIDOW OF DUBLIN REVOLT VICTIM IS REPORTED

London.—Mrs. F. Sheehy Skeffington was deported from Kingstown, Ireland. She was in charge of two prison wardresses. Mrs. Skeffington, who lately visited various parts of the United States, was permitted to return to England on condition that she would not go to Ireland. She arrived in Dublin, however, having eluded the authorities, and she was arrested there. Her husband, formerly editor of the Irish Citizen, was shot and killed by a British officer during the revolt by a British officer during the revolt in Dublin early in 1916.

FIRST CONCRETE VESSEL BUILT IN PHILIPPINES

Manila, P. I.—That the much talked of new concrete ship built, generally considered a discovery in shipbuilding that will revolutionize the industry, was antedated by some twelve years in the Philippines is a fact not generally known even to Filipinos. The bureau of navigation of the islands constructed in 1905, however, a floating reinforced concrete dock for the use of boats in the Pasig river, a dock which is in use to this day, and perhaps the first success achieved in the use of concrete in shipbuilding.

A. A. Garman, aged 79 years, was convicted of murder at Bowling Green Wednesday evening and sentenced to death. Garman is said to have murdered a tenant on his farm.

MEXICAN LABOR TO HARVEST RICE

Mexican labor, which may now as a war emergency measure enter the United States, through the action of the Secretary of Labor, will have an important task in the harvest of the rice crop in the Southern States—a crop that is said to be the largest ever known.

According to information received from many sections in the South, the labor situation so far as the rice crop is concerned, makes the advent of the Mexicans most welcome. In some places so many men have been called to the colors, or have enlisted voluntarily, that without Mexican labor it is feared much of the crop might be lost.

The Labor Department has permitted the coming of Mexicans to ports along the Gulf and to Atlantic ports as far north as Charleston. They are men who are familiar with farming conditions in semitropical districts and will be the most satisfactory labor supply that could be found for the South, in the opinion of men from that section of the country.

Next season it is expected that the Mexicans will be given a larger share in the agriculture of the country, for they will be available for all next season's farm crops in the South. Porto Ricans will also be brought to this country, as will natives of the Bahamas, but these islanders will be used principally in shipyards or on sugar plantations.

FARMERS GO INTO DEFERRED CLASSIFICATION

Special Care Is to Be Taken to Defect Agricultural Workers.

Washington, D. C., September 13.—Under the rules of the War Department for executing the new draft law, special provision is made for informing the district boards in regard to farm-labor requirements in order that necessary food production may be maintained, says a statement issued by the Department of Agriculture. The statement continues:

In the new draft the district boards are charged with the duty of putting into deferred classes those persons who are more likely to further the war by remaining in civilian occupations than by entering the Army. Accordingly, three advisers are to be selected for each district board—one for agriculture, one for labor, and one for other occupations. The agricultural adviser will be appointed by the board upon the recommendation of the Secretary of Agriculture. The advisers are not members of the board but may, when invited, attend its meetings.

How Agricultural Adviser Will Aid

The duties of the agricultural adviser will be to furnish to the board facts relative to farm-labor requirements, not only of his own district, but of the whole country. He should be the repository of all facts having relation to the deferment of agricultural workers, whether these be necessary farm laborers, managers or operators. He will be expected to advise the district boards as to a shortage or surplus of necessary farm workers for any given district, as well as for the entire Nation. Such information will be supplied to the advisers by the Department of Agriculture. This will make it possible to have necessary workers transferred from districts in which they may not be necessary to other districts in which they are sorely needed.

The adviser may also concern himself with individual cases that come before the district board. He will have the right, under certain conditions, to examine the questionnaires and other records in the files of the local board for the purpose of ascertaining whether persons entitled to deferred classification have actually claimed it. In case he finds the names of such registrants he may file for them a claim for deferred classification with the district board, which, in turn, may require the local board to certify the questionnaire and record of any such registrants for consideration. Reasonable time will be given for the purpose of obtaining information and supplying the affidavits required. If a local board determines to consider a case for deferred classification because a registrant is engaged in a necessary occupation, notwithstanding no claim for deferred classification on that ground has been made, it shall endorse the recommendation on the questionnaire of the registrant and forward it to the district board having jurisdiction. The district board will thereupon consider the case and proceed to classify the registrant, notwithstanding the fact that no claim for deferred classification by or in respect of the registrant has been made.

Claims in Behalf of Necessary Employees

A further duty with which the adviser is charged is to confer with employers of necessary farm workers, and to instruct them as to their right under the regulations to file a claim for deferred classification in respect of any registrant who has failed or refused to file a claim for deferred classification in his own behalf. This, in the opinion of the War Department, is a very important matter. The apparent injustice of placing many registrants in Class I is often due to the fact that employers have failed to make claims for deferred classification on behalf of necessary workers. It is to avoid a repetition of this trouble that farmers should see that all of their necessary employees, whether sons or other laborers, of the draft age have made for them just claims for deferred classification.

One important explanation is made in the new Selective Service Regulations in connection with the expression "skilled farm laborer." The questionnaire provides deferred classification for the "necessary skilled farm laborer in necessary agriculture enterprise." The new regulations provide that in Class II shall be placed any registrant found to be engaged in a "necessary" agricultural enterprise, and found to be necessary to such enterprise in the capacity of a farm laborer—"especially fitted for the work in which he is engaged." This quoted phrase constitutes an explanation of what is meant by "skilled" as applied to farm laborer. The expression will make easier the determination of the status of many registrants.

War Service in Right Place
The purpose in the appointing of advisers is to place men where they

can do most to help win the war. These advisers will be able to help greatly the district boards to keep in agriculture the necessary workers. These workers, whatever may be their inclination to enter military service, should stand ready to serve in any capacity in which they can contribute most toward a speedy ending of the war. In order that this may be done a frank statement should, in each case, be made to the boards. It is believed that it will frequently require as much courage on the part of many men to remain in their civilian occupations as to waive deferment.

This effort to keep men in industry, rather than to send them to the camps and the trenches, should not be abused so as to permit the slacker to escape military duty. The necessities for raising an army are paramount. Every man that can be spared will be needed and needed badly to bring the enemy to his senses. The adviser should be assisted in every possible way by every legitimate agricultural interest to find the men that can be spared for military duty, but also to keep those that are essential to the maintenance of a proper food supply.

GIANT LOAFER GETS 90 DAYS

Boston, Mass.—Arthur A. McDonald, 33 years old, the first Cambridge man to be arrested under the new compulsory work law, was arraigned in court and sentenced to three months in the house of correction. The sentence was deferred on condition that he find employment.

McDonald was arrested by Patrolmen O'Connell and Murray of the Cambridge force while loafing around Central square, Cambridge. Both officers testified to having been McDonald around the square for several days. Questioned by the officers he admitted he was not working and that he had failed to register in compliance with work law requirements. McDonald weighs 235 pounds and is nearly 6 feet tall.

GEORGE FAWCETT IN "HEARTS OF THE WORLD"

When David Wark Griffith attempts anything he goes in for the stupendous. His "Birth of a Nation" startled filmland with its magnitude and marvelous attention to detail. His "Intolerance" brought into an evening's entertainment all the principal events in the world's history. And now, eclipsing all his former efforts, he comes with "Hearts of the World" which will be on view at the Washington Theater next Monday, Tuesday and Wednesday.

Filmed on the blood-soaked fields of conflict, on the exact spot where General Pershing's forces are now in a death grip with the Hun hordes, and showing many scenes of actual battle between the enemy and Allied armies, Mr. Griffith with the co-operation of the British and French War offices has accomplished a stupendous task, that of recording in part the greatest of all history in visualized form. Into the vortex of war and suffering humanity he has woven a most delightful love story which culminates in a message of happiness and hope to all mankind. "Hearts of the World" is more than a picture play. It assumes the proportions of a "world drama."

The more prominent members of the cast are Miss Lillian and Dorothy Gish, Robert Harron, Little Ben Alexander and George Wawcutt. A brilliant score perfectly fitted to the picture will be performed by a large symphony orchestra.

THIN, IRRITABLE CHILD

Gained Flesh, Strength and Good Nature by Taking Vinol

Middletown, Conn.—"I used Vinol for my little girl 5 years old for a run-down, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a good appetite, has gained in flesh and strength and is much pleasanter to live with."—Mrs. C. B. Wilkinson.

There is no secret about Vinol.—It owes its success in such cases to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body-building tonics known.

John C. Peor Drug Co., and druggists everywhere.

P. S.—Our Saxon Salve stops itching and begins healing at once.

"I can marry any woman I please." "Then I conclude you haven't pleased any yet."—London Answers.

Nothing Doing

So long as we are busy with our own work (filling our own prescriptions) we do not want the other man's prescription. If he knows so much about glasses, why don't he make 'em? Don't worry SIMPSON about making the glasses. If the other fellow prescribes glasses let him make 'em. SIMPSON IS BUSY.

DISTRICT C. E. CONVENTION AT CARLISLE

Christian Endeavor Convention of This District Opens Today at Carlisle.

The District Convention of the Christian Endeavor Societies of Mason, Lewis, Fleming, Robertson, Bracken and Nicholas counties meets today, tomorrow and Sunday at the Presbyterian Church at Carlisle.

The program of the meeting follows:

Friday Evening

- 7:30—Song Service.
- 7:45—Devotions—Rev. S. B. Lander.
- 7:55—Announcements and appointing committees.
- 8:00—Greetings—Martha Dorsey.
- 8:05—"We Thank You."
- 8:10—Christian Endeavor Past and Present.
- 8:20—Convention Song, Loyalty to Christ.
- 8:30—Offering for Convention Expenses.
- 8:40—"Needs of the Church Today"—Miss Mary L. Wilson.

Saturday Morning

- 8:45—Special Bible Work, led by H. S. Calkins.
- 9:30—Junior Plans and State Banner Points—Elizabeth Veach.
- 10:10—Intermediate Plans and State Banner Points—Anna Belle Stewart.
- 10:50—"20.00 In Gold"—C. F. Evans.
- 11:05—"Our District Last Year" and election.
- 11:20—Reserve Flag.
- 11:30—New Prayer Meeting Plans—Mrs. C. F. Evans.

Saturday Afternoon

- 2:30—A Bible Spelling Match.
- 2:50—National Standards—C. F. Evans.
- 3:20—"Best Thing My Society Did Last Year"—One Minute Report by Delegates.
- 3:35—Open Conference—C. F. Evans.
- 4:10—Closing Song.

Saturday Evening

- 7:30—Song Service.
- 7:45—Devotions—Rev. J. W. Crates.
- 7:55—Announcements.
- 8:00—"The Need of Our District"—H. M. Pyles, Jr.
- 8:15—Next Year in Our District—C. F. Evans.
- 8:30—Convention Song—By Audience.
- 8:40—Address, "Need of Consecration"—Rev. W. C. Crouch.

Sunday Afternoon

- 3:00—Patriotic Song Service.
- Solo, "Keep the Home Fires Burning"—I. B. Ross.
- Solo, "We'll Be Waiting When You Come Back Home"—Mrs. R. Dean Squires.
- 3:35—Y. M. C. A. in World War—E. G. Lange.
- 3:45—Beginning of Red Cross—E. G. Lange.
- 4:05—Prayer for our Boys with the Colors.

Sunday Evening

- 7:15—Christian Endeavor Hour—"The Best Thing of This Convention to me."
- 8:00—Song Service and Prayer.
- 8:15—Report of Resolutions Committee.
- 8:20—Installation Service.
- 8:30—Offering.
- 8:40—Address: "The Present Day Challenge to Youth"—E. G. Lange.
- Consecration Service—C. F. Evans.

GIVES CHATEAU IN FRANCE FOR INJURED FLYERS

New York — Mrs. William E. Corey has given her French home, Chateau Villigenisse, near Paris, to the American Red Cross as a convalescent home for wounded American aviators. It was announced here yesterday by Lawrence Harris, aid to Maj. Perkins, Red Cross commissioner in Europe.

The chateau is in the midst of 200 acres of gardens. It was once the home of Jerome Bonaparte. Mrs. Corey, it is said, is refitting it at her expense to meet the requirements of the Red Cross. It can accommodate 600. Mr. Harris is on his way to Washington to report to the Red Cross war council. He has just returned from France.

It makes no difference how little some men actually know about road work they are ready and eager to criticize and make foolish suggestions.

READY TO OFFER HAND OF PEACE

Kaiser Says He Has Left No Stone Unturned to Shorten the War.

Amsterdam, September 12—Speaking at the Krupp munition works at Essen, Emperor William declared that every one in the remotest corner of the Fatherland knew that he had "left no stone unturned to shorten the war, as far as possible for your people and for the entire civilized European world."

The emperor said it took two to make peace—that one could not do it unless he could overcome the other. Germany, he declared, was confronted by her enemies' will to destroy her and she must place against this her determination to preserve her existence.

After mentioning his offers of peace the emperor said that the German leaders had made it plain to every one who wished to understand, "that we are at all times ready to offer the hand of peace."

URGES HIGH SCHOOL GRADUATES TO ENTER NORMAL SCHOOLS

"On the character and ability of the teachers everything depends," says Dr. P. P. Claxton, U. S. Commissioner of Education in urging boys and girls to enter normal schools and prepare for teaching this year.

"Besides the thousands of men who have been drafted or have volunteered for service in the army, other thousands of men and many thousands of women have quit the work of teaching for employment in industries, commerce, civil service, and clerical positions where they are paid better than for teaching. As the war continues and as the cost of living increases, and the demand for services of the kind teachers can render grows larger, the numbers of teachers leaving the schools for other employment will become still greater and this tendency is likely to continue long after the war is over unless the salaries of teachers should be increased far beyond the present average. How are their places to be filled? By trained or by untrained teachers?"

"Unless the attendance at the normal schools and in departments of education in colleges and universities is much increased, most of these places must be filled by men and women without professional knowledge and with no special training for their work. In this case the character of the schools will inevitably deteriorate and the time of the children and the money appropriated for education will be to a large extent wasted. It is, therefore, very important that for next year and for many years to come there should be more students in these schools for the preparation of teachers than there have ever been. Thousands of boys and girls who have finished their high school work might and should render their country a high type of patriotic service by entering these schools next fall, winter, or spring to prepare themselves for the work of teaching in the elementary and secondary schools."

THE TASKS AHEAD

Washington, September 12 — The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"We must not get the notion that the winning of the war is the only problem before this country. That is the most important problem—the one to which all others must be subordinated. But there are numerous other tasks before us and to which we must apply ourselves if we are to continue a prosperous, free and progressive people. In our efforts not to irritate the Bolsheviks of Russia, we must not set aside law and order in America. In our passion for government control of everything we must not stifle individual initiative. In our desire to suppress traitors we must not put a gag in the mouths of patriots. In our zeal to win the war, we must not send porous raincoats to the soldiers in the trenches or let men of actual or pretended influence in high places get unconscionable fees for securing government contracts for their clients. In our willingness to pay large taxes for support of the war, we must not tax legitimate industry to death. 'Win the war' is our first but not our only slogan. The man who sets out on one undertaking and turns a blind eye and a deaf ear to everything else is doomed to meet misfortune."

Why not try a Ledger Want Ad?

THEY CRY FOR FRIENDS

The German people, according to their newspapers, are asking "Why have we no powerful allies?"

It must be a rhetorical question. Even this people, held down by their rulers and junkers as they are, must know by this time, why the civilized world is against them.

Allies, which means friends, don't flock to a man or to a country that flaunts in the face of the world a complete contempt of honor, humanity, the most ordinary kind of honesty, and every other expression of the supposed difference between man and beast.

If it is possible that you don't know this yet, Fritz, get your censorship lifted and you will find it out.

But there is one thing in that question which we are glad to hear. We are glad to know that Germany at least realizes and admits our power. It took us a considerable length of time to get that admission. We are going to drive home the knowledge of it now until her newspapers cry for more than an explanation of her friendlessness.

This Fourth Liberty Loan is as good an opportunity as we can have. She knows now what our fighters do. We will show her what kind of power the civilian body has—and uses.

HOME FOR WOUNDED RAILROAD MEN

Railroad men have found a new way to "do their bit" in the war and for the men who return from France wounded and sick. They are raising a large fund to establish a convalescent home for wounded soldiers and sailors who were before enlistment connected with railroad operation, and hope soon to have a sufficient amount for the purpose.

The home will be located on the Double Header Ranch, just at the foot of Double Header Mountain, from which it takes its name. Guy Adams, chairman of the mail transportation committee for the Railroad Administration and traffic manager of the Union Pacific, gave 40 acres of the ranch for the purpose to the Railroad Men's Mountain Home Association, of which he is one of the trustees.

The site for the home is 32 miles west of Denver and 16 miles up Turkey Creek Canyon from Morrison station. The ranch as a whole comprises 160 acres, and has seven fine springs of clear water.

EVANGELIST FOR WAR WORKERS

"Billy Sunday" Methods Stimulate Production in Southern Factory and Keep Men on Job.

Uncle Sam now has an evangelist duly enrolled in the great army of war workers. Moreover, the evangelist has been employed not to perform office duties or military service, but to stick to his old job of preaching and exhorting. His name is Luther B. Bridges, and his success may open a new field of endeavor for many a mute, unknown Billy Sunday.

Mr. Bridges is conducting a campaign in the South against the powers of evil in the form of labor turn-overs. He is holding industrial revivals that cause many a discontented or restless worker to repent of the sin of wanting to quit his job. Every day he preaches the sort of patriotism that expresses itself in the greatest efficiency, the patriotism that keeps in mind always the fact that the man in the shop is making it possible for the man in the Army to march to victory.

The Government found Mr. Bridges through the Tallahassee Power Co., at Badin, N. C., which is a subsidiary of the Aluminum Co. of America, and is engaged in producing war materials. The company had been severely handicapped by a labor turnover that amounted to nearly 600 per cent a year. In its aluminum section, where 380 men are employed in three eight hour shifts, it had become virtually impossible to maintain the shifts over the week-ends. The cessation or slackening of the work not only reduced production but caused deterioration in the quality of the metal.

J. E. S. Thorpe, manager of the plant, heard that Mr. Bridges had been extraordinarily successful in the third Liberty loan campaign and the second Red Cross drive. He suggested that the evangelist should try his luck in arousing the patriotism of the workers. Mr. Bridges started meetings in the local theater. He went to the plant and as the shifts changed delivered little sermons, brief and convincing, to the men. He talked practical patriotism, he appealed to employees, he made them understand that their part in making munitions was as important as the task of the soldiers who used the war material.

The industrial revival lasted three weeks, and each Saturday there was a blank in the place where the number that dropped out was usually recorded. It was time for the evangelist to move on to a place where he was more needed, and then it happened that Uncle Sam found out that there was plenty of chance for Mr. Bridges to help win the war by enlisting in the United States Employment Service, Department of Labor.

Friendship means more and at the same time less than any other word in the English language.

UNCEASING MISERY

Some Maysville Kidney Sufferers Get Little Rest or Comfort.

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when the kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lameness and nervousness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin Dosing Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit.

Proof in Maysville testimony. John J. Bramel, bookkeeper, Walnut Street, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently, however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chanslor's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 60c all stores. Foster-McMillan Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

THOUSANDS TURNED AWAY FROM MANILA SCHOOLS

Manila, P. I.—According to estimates made by the department of city schools, 30,000 children will enroll in Manila schools for the coming year's term. In every school throughout the city a growth in matriculation is noted, and on account of lack of accommodation over 3,189 school children have had to be turned away temporarily until new quarters can be arranged.

TELEPHONE INSTALLATION AND MOVE CHARGE

The Postmaster General directs that beginning September 1st, 1918, all Telephone Companies collect a "readiness-to-serve" or installation charge for all new installations and also charge for all changes in location of telephone.

In accordance with these instructions we will collect in addition to the regular charge heretofore an amount of \$5.00, \$10.00 or \$15.00, the amount depending upon the rate per month of the class of service contracted for.

The move charge to the subscriber will be the actual cost of labor and material necessary for making the change.

An amount sufficient to cover the cost of moves or changes must be deposited with us when you give your order, as these charges must be paid in advance.

Two Fleming County Farms For Sale

Mr. George W. Foxworthy has listed with us two very desirable farms. Farm No. 1—The home farm, where Mr. Foxworthy now resides 5 miles East of Flemingsburg, contains 116 acres, and has on it a good residence, large stock barn, tobacco barn, two silos and the usual outbuildings found on a well-improved farm; also an abundance of fruit of different varieties. About 80 acres of this farm is in and the land is all in high state of cultivation.

Farm No. 2—Contains 92½ acres, adjoins the town of Mt. Carmel; has on it a new tobacco barn; and this farm is also in good state of cultivation. While there is no house on this land, there is a nice home close to the farm that can be bought very reasonably.

For particulars as to price, etc., see the undersigned or Mr. Foxworthy.

UNCLE BOB FINISHED IN FIRST-CLASS STYLE

Maysville's Second Fire Fighting Machine Is Delivered By Contractors And Is Ready For Real Work.

Messrs. Thompson & McAtee, local wagon and buggy manufacturers, yesterday delivered to the Maysville Fire Department the fire fighting machine "Uncle Bob" which for the past several weeks has been in their work shop undergoing a thorough overhauling which included a new dress of paint.

The machine is now in first-class shape in every way and that the people of the city might get a look at the machine "Fire Chief Newell" today brought her out and will take her through the West end taking with him through the East end taking with him members of the Fire committee of the City Council and representatives of the press. After giving the machine a thorough try out and a close inspection, the members of the Fire Committee will accept her as being in first-class condition and extended their thanks to the local firm for the splendid job they did.

It is to be hoped that the City Council will at some near date find a location for the Uncle Bob in the East end of the city for which she was purchased and that she will not be allowed to sit around and wear out because of a lack of use.

FINLANDER IS RELEASED
John Marto, the Finlander arrested several days ago when he was found he carried a passport from the Canadian government long overdue, was released this morning by Chief Ort when he was advised by the representatives of the Department of Justice that there was no charge against Marto and he could be released.

The Maysville business men who will take part in the big Chamber of Commerce Membership Drive will enjoy a smoker at the Chamber of Commerce building this evening. All have been urged to be in attendance and plans for the big drive will be discussed.

Gallipolis, Ohio, September 12.—Navigation was suspended and all packet steamboats here and all towboats in the Kanawha River, were laid up today in order that crews could register.

COUNTRY PEOPLE COMING TO TOWN DURING STYLE WEEK

Besides Being a Week When New Fall Styles Will Be Introduced, Style Week Will Be a Week of Big Bargains Say Merchants.

Bargains such as are seldom offered at the opening of a season will be on the shelves and counters of local stores during style week according to the members of the Executive Committee in charge of all arrangements for the big week which have recently called on the merchants to ask their co-operation in making the week a success.

Most every merchant in every line located in the business district between the L. & N. station and Wall street has assured the local committee that they will co-operate in making the week a success. They report that their fall merchandise has been arriving in good quantities during the past few weeks and that they are more than pleased with their purchases. These goods will be unpacked, checked and price marked before the week of September 23 and will be put on sale for the first time during this week.

The merchants say that they are going to offer wonderful bargains in all fall merchandise during the week so that the people in Maysville's trade area will know that this is the best city in the district in which to shop. It is not the usual custom to offer bargains at the very beginning of the season but it is the usual custom to wait until near the end of the season and make a clean-up of seasonable goods by special prices and wonderful bargain offerings.

It is expected that the country people from all over this district will be in Maysville in large numbers during the week.

BARRETT-POGUE

Miss Dorothy Barrett Becomes the Bride of Mr. Patterson Pogue at Cincinnati.

With just the immediate families, a small company of some two dozen attending, the wedding of Miss Dorothy Barrett and Mr. Patterson Pogue was quietly solemnized, Wednesday night, at the home of the bride's parents, Mr. and Mrs. Oscar F. Barrett, Grandview avenue, Cincinnati. Plans for the marriage, which was to have been celebrated by the bridegroom, were changed by the recent bereavement in the family of the bridegroom, invitations for the wedding as planned, being canceled on the death of his brother, William Francis Pogue.

The wedding ceremony was at 6:30 p. m., the original hour set for it. Miss Louise Trevor, daughter of Mrs. Alfred Trevor-Rogers, and a friend of the bride since childhood days, was her maid of honor and only attendant. Mr. Pogue had as his best man the bride's brother, Mr. Slack Barrett, who is just back from Washington, D. C., his duties having caused him to divide his time between that city and Cairo, Ill., since the war.

The Rev. Mr. Finchbaugh, of Calvary Episcopal church, Clifton, was the officiating minister. After a brief honeymoon trip, Mr. Pogue and his bride will return to Cincinnati and start West from there, for his ranch at Ramona, near San Diego, Cal., where they will make their home.

Miss Marguerite Pogue, of this city, a cousin of the groom, was in attendance.

The groom, who is a nephew of Mr. and Mrs. H. E. Pogue, of the West end, has often visited here and has many friends here.

Try a pound of T-G Butter.

BODY OF EX-SENATOR TO LIE IN STATE AT CAPITOL

Ex-Senator Jo C. S. Blackburn Dies In Washington—Burial Saturday at Frankfort.

Washington, September 13.—The body of former Senator Jo C. S. Blackburn, 80 years old, of Versailles, special resident Commissioner of the Lincoln Memorial Commission, who died at his home here Thursday of heart failure, will lie in state in the rotunda of the Kentucky State Capitol at Frankfort for five hours Saturday. It will leave here on the 2 o'clock Chesapeake and Ohio train this afternoon, accompanied by Brig. Gen. William P. Hall, U. S. A. retired and Mrs. Hall, the son-in-law and daughter of the late Kentuckian, at whose home the Senator died.

Members of the Kentucky delegation will be at the Union station here to pay their last respects to the memory of former Senator Blackburn when the funeral party departs for Kentucky. The body of the distinguished Kentuckian is due to arrive at Frankfort shortly after 8 o'clock Saturday morning. It will be taken directly from the train to the State Capitol under escort of a guard of honor made up of representative State and city officials who will be selected by Governor A. O. Stanley. The body will lie in state from 9 o'clock in the morning until 2 p. m. when it will be removed to the chapel in the cemetery at Frankfort. There brief services will be conducted by a Presbyterian clergyman after which the body will be buried in the Blackburn family lot.

FEW WITNESSES USED BY THE DEFENSE

The defendant in the Lewis county fraud case used only a few witnesses in their presentation of their side of the case while the prosecution introduced many witnesses. In the first trial of the case here a very large number of witnesses were used by both sides. At this trial there were many witnesses here but they were not all used. The large number of witnesses returned to their home in Lewis county Thursday evening.

WORK OR FIGHT ORDER NOW APPLIES TO MANY

The work or fight order of the Provost Marshal General applies to many more men today than it did yesterday. There have been many people in Maysville complained of as loafing who will now come under this order and with the Federal order and the State Vagrancy statute both, it is certain that the loafing profession will be a thing of the past.

SEVERAL MEN CAME HOME TO REGISTER

Although not necessary under the registration provisions, quite a number of men who were required to register yesterday, came home from the cities in which they were working to register in their home city. A number of Aberdeen boys who have been working in Dayton and Portsmouth, Ohio, came home to register.

W. W. TUEL DEAD

Mr. W. W. Tuel, aged 73 years, prominent citizen of the Shannon neighborhood, died at his home Thursday following a long illness. He is survived by his wife, one son and one daughter. Funeral will be held Sunday morning at 11 o'clock and burial will be made at Shannon.

MOTORCYCLE AND DRAG COLLIDE

Mr. Walter Dinger while turning the corner of Second and Short streets at noon on his motorcycle, struck a large two horse drag amidst ships. Besides bending up fenders and ruffling dispositions the accident caused no serious damages.

PHANTOM AND THE GIRL

The third episode of "Hands Up" the cyclone western serial featuring Ruth Roland will be shown at the Pastime today. Pathe's Latest War News, a Harold Lloyd and a Happy Hooligan comedy will also be shown.

COLORS NEWS

Sunday evening at 8 o'clock Mother Lehman a noted white speaker and worker for the uplift of humanity will deliver an address at the Bethel Baptist Church.

The subject of her address will be on bars. Her mother work is presence of sixteen years behind the prison bars. Her mother work is preventing the boys and girls from going there.

Quite a number of our people are acquainted with Mother Lehman and have heard her speak and all can well testify to her merits. Every one come to the Bethel Baptist Church Sunday evening and you will go away feeling that you have been greatly benefited, for her talk reaches every one and sounds a key note of warning to many of our petty sins that we have been committing unconsciously.

KEEN INTEREST DISPLAYED IN DRIVE FOR NEW MEMBERS

Business Men Are Anxious to See the Chamber of Commerce List Many New Members in Campaign Which Starts Monday Evening.

A great amount of interest is being shown by the local business men in the new Chamber of Commerce membership campaign which will open with a great banquet at Beechwood Park on next Monday evening. The local business men realize the importance of the organization to their business and to the general welfare of the city and they are therefore displaying this keen interest.

The team captains who will have charge of the crews of business men who will call on every business and professional man in the city during the campaign say that they have things mapped out carefully and they are feeling certain that their drive will meet with great success in adding all of the old and many new members to the Chamber's roster of members.

The Chamber of Commerce has established itself in the city. It has many times displayed its worth to the business men and to the city. In every movement this organization can be called upon and it has never yet failed to give hearty support to every movement for the betterment of conditions in the city and county.

During the war the organization has displayed its great worth. It is an organization upon which everyone can call for help to put over any drive for any war measure. The Chamber of Commerce has had an active part in every drive that has been put on in Maysville and much credit for the splendid showing that Maysville has always made in every one of the drives can be given to this organization.

The membership drive starting Monday is different from former membership drives in that the business or professional men are asked this time to join for but one year. They are asked, however, to pay their yearly dues at the time of joining so that the organization can do away with a large amount of trouble and expense in collecting the dues such as they have experienced in the past few years.

The drive begins with a banquet at the Beechwood Park Monday evening and it will last during the entire week when every business man in the city will be given an opportunity to join and help boost Maysville.

SPLendid PRAYER SERVICE

The prayer meeting services at the Third Street M. E. Church have taken on new life within the last few weeks. While waiting for their new pastor a prayer meeting committee is inviting leading Christian workers of other churches each week to conduct the meetings. Last evening it was the privilege of the church to have Mr. James B. Wood lead the service. In his talk he gave a synopsis of the great sermons and addresses he heard while attending Winona Assembly. It was one of the most instructive, enlightening and helpful talks heard in this church in many months. Mr. Wood has the happy faculty of grasping the many good things he hears and then being able to impart them in such an interesting way to others. It goes without saying that every one of the large prayer meeting crowd was happy at the opportunity of being in the service and hearing Mr. Wood's talk. Those who are not attending these services are missing a great deal.

MOVE SWITCH AT ELECTRIC PLANT

C. & O. railroad employees are at work moving the switch into the new Electric Light Plant so that the switch tracks will be directly over the opening to the coal bunkers. By means of a mechanical carrier operated by electricity, the coal is carried into the bunkers and dumped there.

PEACH SEEDS TO BE SAVED FOR SOLDIERS' MASKS

Barrels Will Be Stationed at Prominent Corners in the City and All Will Be Asked to Save Peach Seeds For Soldiers' Gas Masks.

It has been learned that peach seeds contain the necessary mineral to keep out the poison gas thrown into the Allied trenches by the Germans and all over the country the people have been called upon by the Red Cross to save their peach seeds this year that they may be used in furnishing the necessary mineral for the gas masks used by our soldiers on the Western front.

In many cities barrels and boxes have been stationed at prominent street corners over which are placed large signs asking the people to save their peach seeds and deposit them in these containers which are turned over to the American Red Cross.

A number of local people led by Councilman George Dodson have reached the conclusion that Maysville and Mason county should have a share in this war work which costs no one except for a little trouble in saving the seeds and bringing them to the barrels.

Barrels have been secured and signs are being prepared. It is hoped that the committee in charge will have things in such shape that the containers can be stationed about at the prominent street corners in the city on next Monday.

The country people can have a part in this war work as well and they are all asked to save their peach seeds and bring them to Maysville with them when they come to town. The boxes and barrels will be emptied daily and the gathered of seeds will be forwarded to the proper authorities.

ADVISORY BOARD WANTS VOLUNTEERS

On account of the large number of men registering for military service on Thursday and the large number of questionnaires that will have to be filled out, the Legal Advisory Board of the county will have to have several volunteers to assist them in the work. All who desire to volunteer for this work should hand their names to Mr. W. W. Ball, Jr., chairman of the County Council of National Defense, at the State National Bank. A meeting of these volunteers is being planned for Monday evening at the Council Chamber.

K. OF P. NOTICE

Limestone Lodge No. 36, Knights of Pythias will meet tonight at 7 o'clock at Castle Hall. All members and visiting brothers invited to be present. R. M. NEWELL, C. C. B. H. Greenlee, K. R. & S.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

NEW GOODS Arriving Daily

Just back from New York and the goods are coming in fast by express. Was fortunate in getting many things that are very scarce. Lovely Silks, the strike has made them scarce. The beautiful Plaids and serges, the Government has taken over most of the mills to work on goods for our soldiers and sailors that are fighting that we may enjoy the freedom that we have always had so we are willing to do without, until they are clothed and fed.

Many Novelties, Ribbons, Purses, Fringes, Tassels, Belts, Ties, Neckwear, etc.

Also Gloves, the scarcest of all merchandise. A special heavy Dressy Gloves at \$1.50 pair.

Best line of Hosiery in this part of Kentucky.
